Questions 51 to 55 carry ten marks each.

51. Read the passage below carefully and then answer, in full sentences, the questions that follow.

It was a bright morning at Masole Primary School, Lira. The teachers were busy teaching, and most pupils were in their classrooms besides Songo and Beto. They had quietly sneaked out of the classroom while their teacher was writing on the board. The two boys ran to the school store behind the classroom block. They were curious and wanted to discover what was there. As they entered, Songo found some sharp wires and Beto picked up an old broken mirror. "Let's play with these!" Beto said excitedly.

As they played, Songo accidentally pricked his finger with the wire. He immediately started bleeding, and he shouted, "Ouch!" Beto dropped the mirror in shock, and a piece of it scratched his leg. Both boys felt a lot of pain and they started crying.

Just then, Mendoza, the compound prefect, was passing by. She heard the noise and ran to see what had happened. When she saw Songo and Beto hurt, she quickly helped them sit down under a tree.

Mendoza opened her small first aid kit. She cleaned Songo's finger with clean water and covered it with a bandage. She also wiped Beto's leg with a cloth and gave him a clean dressing to stop the bleeding.

After helping them, Mendoza looked at the boys seriously and said, "You could have been badly hurt. You should never play with sharp or dangerous things and never leave class without permission."

Songo and Beto looked down, feeling sorry. "We're sorry, Mendoza," said Beto. "We were just playing." Mendoza smiled kindly and said, "I know, but playing with dangerous objects is very bad. Your safety comes first."

The boys promised never to do such a thing again. They went back to the classroom with Mendoza, feeling lucky to have been helped. From that day, Songo and Beto became more careful and even joined Mendoza in teaching others about safety in the school.

I work where money safely stays
With tellers and staff through busy days
We help with smiles and count with care
Your coins and notes are safe in there
It's a job that feels just right.

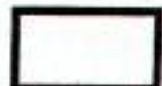

We help you save and send school fees
Give loans for farming or investment
We guide your plans with an honest voice
And let you make a wiser choice
Those are the services we provide.

Some days are not good
Power is gone or the queues are long
Fake notes, fraud, or slow network
Can make the stress begin to grow
But we don't give up the fight.

We use strong tools to lock each door
And teach our team to serve you well
We added phones to make it fast
In addition to guards whose eyes never rest
That's how we make your trust shine bright.
