**Duration: 2 hours**

**INSTRUCTIONS TO THE STUDENTS**

This paper consists of two sections; **A** and **B**. It has four examination items.

Section **A** has two compulsory items.

Section **B** has two items, Answer one item.

**Answer three items in all.**

**ITEM 1**

Mabirizi of Soweto village in Maganjo Zone B mobilized twenty ladies and thirty gentlemen (his friends) who are interested in bakery, raised capital through buying shares in the bakery. They decided to set up **“Soweto Bakery Ltd”**.

A few months after the start of their business, the local council officials in charge of business affairs in the district announced an operation in Maganjo Zone B, looking for businesses operated without formal documents such as trading license, certificate of incorporation and other relevant documents. They closed their bakery, arrested some of the shareholders and charged them a heavy fine in courts of law afterwards they claimed that they didn't know how to formalise a business in Uganda.

**TASK**

- I) Help the shareholders of Mabirizi Bakery Ltd to explain the requirements they can present to the registrar of companies to formalise/register their business in Uganda.
- II) Guide them on the procedures they can follow in order to formalise their bakery business.

**ITEM 2**

Jonathan, Juliet and John have agreed to start up a mobile money service business owned by all of them. However, they are not sure about the terms and conditions under which their business will be conducted by them. They have called you to educate and guide them to come up with a document that can help them to regulate/control their relationship while conducting their business.

**TASK**

- a) Help them to come up with a document that will guide their conduct/relationship while carrying out their mobile money service business.
- b) Educate them on their rights and duties in conducting their business.

## **SECTION B**

**Answer one item from this section.**

### **ITEM 3**

You have been given a donation of UGX 1,000,000 by a Korean missionary and has given you three districts of which he wants you to select one where you can start up a poultry keeping business.

The districts are as follows;

**Kalangala.      Kampala      Buvuma**

#### **TASK**

- a) Select one district where you think the poultry keeping business will be successful.
- b) Explain to the Korean donor, the factors you have considered to select the district you have answered in (a) above.
- c) Apart from poultry keeping, identify any other four business opportunities that can be successfully carried out in your selected district in (a) above.

### **ITEM 4**

Basing on your understanding and observation of your home area of residence(**indicate the name of your home area of residence and the district where it is found incase you attempt this question**)

#### **TASK**

- a) Choose only one suitable business opportunity you can be able to start up in your home area of residence with high chances of success.
- b) Explain the factors you have considered to select such a business opportunity in (a) above.
- c) Apart from the business opportunity selected in (a) above, identify any four other suitable business opportunities you can successfully start up in your home area of residence.
