MENTAL ILLNESS

In Uganda, most challenging colonial disease is said to be Mental Illness. This is commonly found among the youth.

Persons with mental illness behave in awkward ways some talk to themselves or address an imaginary audience. Others isolate themselves from company, family and friends.

It is very wise to a sent that mental illness has various causes but the major factor is drug abuse.

Mental illness victims need medical care but such services are very few in our community and country at large. **(obubonero 20)**
