When he came back home, he hanged the two art pieces in his sitting room. His children were very happy to see these artworks and they requested him to explain to them how the artworks are produced and the purpose they serve. Unfortunately, he could not explain to his children and therefore he had to look for help from someone else.

Task:

If you were selected for help, explain in writing to his children what is required and how to produce any (**Fig. B** and **Fig. C**) of the artworks above, materials, tools, types and their purposes.

One day he tried to ask him the kind of things he uses to make the artworks, why he produces them, and the purpose of the artworks he makes but unfortunately the man could not hear and speak because he is deaf.

Task:
