S.3 BIOLOGY PAPER 2 (Practical)
1 hour 30 minutes**

INSTRUCTIONS TO CANDIDATES:

- Attempt all questions

Item

Mr. Johnson's son with a swollen stomach (ascites), prominent ribs, muscle wasting, little or no hair, and edema was to see his doctor.

Upon visiting the hospital, the doctor requested for a sample of the food he was feeding on, to conduct an analysis.

Task

Design a scientific investigation that the doctor should use to find out the cause of the boy's conditions.
